Dear Mr Sing,

Re: Proposed alterations to previously approved plans for rural tourism accommodation units at 18 Alidenes Rd – Lot 14 DP 755722

I have reviewed the plans for the changes you propose. I find the changes to be so small as to have no impact on my previous bushfire assessment. I can not see where I would alter my previous assessment to demonstrate the changes. The BAL ratings and APZs remain the same as do all other requirements to comply with Planning for Bushfire Protection 2019. The RFS General Terms and Conditions for this development stand as does the Bushfire Safety Authority.
