Freya- a captivating character home, effortlessly checking all the boxes for the desired secondary dwelling.

Highlighted features include:

A spacious kitchen and an open-plan living and dining area that creates a welcoming atmosphere.  
Beautiful timber flooring throughout the entire home.  
VJ walls that add a touch timeless aesthetic.  
A large deck for outdoor enjoyment.  
Homes of this size with such unique features are becoming increasingly rare to find.

Priced for relocation within Queensland, please reach out for a quotation if considering a move to New South Wales. Note that an additional charge per kilometer will be applied for delivery sites exceeding 100 km from the homes current location. For sections beyond the initial 100 km, a fee of \$45 per kilometer will be applied.

# WHAT'S INCLUDED IN THE PRICE?

## COMPLETE TRANSPORTATION PROCESS

Safely transported within 100 km's of the homes current location. Delivery sites exceeding the included 100 km's will incur an additional charge of \$45 per km for a one section relocation and \$60 per km for a two section relocation. All road permits and police and pilot escorts will also be organised by Mackay & Sons.

## LOW SET STUMPING ALLOWANCE

Low step stumping depth of 600mm and the height of 900mm above ground. Please note, Additional charges for stumping may occur. The final costings for stumping will be determined from your final set of foundation plans supplied by your engineer.

## FINISHING TEAM

All damaged plaster work is repaired once at the new site, for all homes located within 100 km of our Narangba depot. Please note we do not replace plaster work from where asbestos has been removed or decorative/ornate plaster.

## COMPLETE STRUCTURAL INSURANCE

We guarantee the building for major structural damage should it occur during delivery.

## BUILDING APPROVAL ASSISTANCE

At Mackay and Sons we have a staff member

that is dedicated to helping to assist you to obtain quotations for your building plan design and engineering and quotations for a Certifier to complete the certification to obtain your Building Approval. We will help throughout the process to ensure that your approvals are moving along and if there is anything that you require we will help you to obtain it as soon as possible.

The team at Mackay and Sons guided me through my first house removal, from planning stage to approvals. We love our new home!

— Kate Cleary
